#### M20

From the M20/25 exit at Junction 9 and turn left towards Ashford town centre. Take the 2nd left at the roundabout (Maidstone Road) then straight over at the next roundabout (New Street) – still heading for Ashford town centre. This will bring you onto the ring road. Get in the right hand lane and follow the ring road round to the right past Charter House. Take the first turning on the right (Park Street) and follow this round past the end of North Street, there are two car parks on your left.

#### Parking

There is paid carparking off Edinburgh Road.

#### By Rail

It is a short 10 minute walk from Ashford International station but Taxis are available in the rank outside. Turn left when exiting the station then right at the top of the slope when you reach the ring road/Station Road. As you walk along the ring road you will walk past the bowling alley on your right. When you reach the High Street turn left (the High Street has Pizza Hut on one corner and Blockbusters on the other.) Continue along the High Street until you reach North Street on your right (Evans on one corner and Boots on the other). The Clague office is about 100 yards down on the left hand side.
